This mixture has not been subjected to toxicological testing but has been blended from materials with established toxicological bibliographies. In view of the difficulty of using current standard toxicological evaluation techniques to predict potential hazards to susceptible individuals or arising from unforeseeable potentiation, this preparation should be considered and handled as if it displayed health hazards and consequently treated with all possible precaution.

Section 12 - Ecological Information

Ecological studies have not been carried out on this product.

Section 13 - Disposal Considerations

Dispose of in accordance with Federal, State and local regulations. Do not empty into drains. Empty containers should be taken to an approved waste handling site for recycling or disposal. Do not re-use empty containers.
